DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed with respect to claims 1-20 as filed on 11/13/06 have been fully considered but they are not persuasive.
2. Claims 1-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Ullman et al., (hereinafter referred to as "Ullman"), as was set forth in the Office Action of 5/24/06.
3. The Applicant presents two substantive arguments contending the Examiner's rejection of claims 1-20 under 35 U.S.C. 102(e) as being anticipated by Ullman et al., (hereinafter referred to as "Ullman"), as was set forth in the Office Action of 5/24/06. However, after a careful consideration of the arguments presented, the Examiner must respectfully disagree, and maintain the grounds of rejection for the reasons that follow.

Firstly, the Applicant's argue that Ullman fails to read upon the "transmitting video signals..." as in the claims but only discloses transmitting URLs (Request for reconsideration of 11/13/06: page 2, lines 4-18, and 27-32; page 3, lines 1-7 and 17-32; page 4, lines 1-23). The Examiner respectfully disagrees. It is noted that the Abstract discloses that the URLs are embedded in the video program that is received by the computer system (Ullman: Abstract, lines 1-15). Since the URLs are sent as embedded items in a video program, the Examiner submits that this function reads on the limitation as claimed.

Lastly, the Applicant argues that Ullman fails to read upon the "non-networked..." limitation of the claims (Request of reconsideration of 11/13/06: page 2, lines 19-26; page 3, lines 8-32; page 4, lines 1-23). The Examiner respectfully disagrees. It is noted that the DVD implementation of accessing URLs through DVD players connected as peripherals to the

computer would entail accessing the URL embedded video through the DVD players (Ullman: column 5, lines 20-30) which are denoted as being non-networked “local” devices (Ullman: column 5, lines 33-37; column 10, lines 1-5). As such, the Examiner maintains that the limitation is met.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
